

EPiCUR
EUROPEAN UNIVERSITY

INVITATION

ONLINE event

5th December 2025: 14.00 to 16.00 p.m. (CET)

Digitalisation in EPiCUR Alliance: Strategy, Outputs and Synergies

We are pleased to invite you to our event, hosted by the **Aristotle University of Thessaloniki**, to discover the EPiCUR Virtual University Registrar System (VURS): a pioneering digital platform **connecting nine universities across Europe**.

This session will present how a shared, interoperable system can simplify student mobility, course registration and credit recognition across multiple institutions and how this model could inspire or be adapted by other European University Alliances.

Join us to:

- Explore the VURS platform and supported use cases
- Learn about EPiCUR digitalisation strategy
- Share exploitation pathways, exchange ideas and explore opportunities for collaboration

Whether you are working on **digitalisation, mobility, or interoperability** within your alliance or institution, this event will offer practical insights and concrete examples from an operational, EU-funded platform.

- [Register by 4th December](#)
- **Contact:** contact@epicur.edu.eu

We look forward to your participation!

Kind regards,
EPiCUR Alliance
